Typical Manual Spray Gun & Pump Hook Up

Typical Manual Spray Gun & Pressure Feed Tank Hook Up

Air & Fluid Hose recommendations:-

If the fluid hose is **under** 7.5m (25ft) in length use $\frac{1}{4}$ " bore fluid hose.

If the fluid hose is **over** 7.5m (25ft) in length use $\frac{3}{8}$ " bore fluid hose.

We recommend $\frac{5}{16}$ " bore air hose at all times for gun supply.

For best spray gun performance only original air hose connectors should be used to minimise air pressure loss - very important for Trans-Tech and HVLP guns.

For hose and connector information see Page 119.

10. DELIVERY

- 10.1 The method of delivery shall be in accordance with CFT UK's quotation. The Buyer must obtain any import or export licences required.
- 10.2 Any dates given for delivery of the Goods or provision of services are approximate only and CFT UK shall not be liable for any delay howsoever caused. Time for delivery or performance shall not be of the essence.
- 10.3 The Goods may be delivered in instalments. Each delivery shall constitute a separate contract and failure by CFT UK to deliver any one or more of the instalments in accordance with these Conditions or any claim by the Buyer in respect of any one or more instalments shall not entitle the Buyer to treat the Contract as a whole as repudiated.
- 10.4 If the Buyer fails to take delivery of the Goods or fails to give CFT UK adequate delivery instructions within 14 days of their availability CFT UK may:
- 10.4.1 Store the Goods until actual delivery and charge the Buyer for the costs (including insurance) of storage; or
- 10.4.2 sell the Goods at the best price readily obtainable and (after deducting all storage, selling and other expenses) account to the Buyer for the excess over sums owing by the Buyer or charge the Buyer for any shortfall.
- 10.5 Where CFT UK arranges forwarding of the Goods, the Buyer shall notify CFT UK and the carrier in writing within 48 hours of delivery of any damage to the Goods or shortage in delivery.
- 10.6 The Buyer shall inspect the Goods on receipt and notify CFT UK of any defects within 7 days of delivery failing which the Buyer shall be deemed to have accepted them. After acceptance the Buyer shall not be entitled to reject Goods. The Buyer shall not be entitled to reject the Goods for any defect or failure which is so slight that it would be unreasonable to reject them.

11. RISK AND PROPERTY

- 11.1 Risk in the Goods shall pass to the Buyer when CFT UK notifies the Buyer that the Goods are available for collection or when the Goods leave CFT UK's premises, whichever is the earlier.
- 11.2 Notwithstanding any other provision of these Conditions, the property in the Goods shall not pass to the Buyer until CFT UK has received in cash or cleared funds payment in full of all sums due under the Contract and all other contracts between the Buyer and CFT UK (whether or not the sums due under those contracts are immediately due and payable). Until then the Buyer shall:
- 11.2.1 hold the Goods as CFT UK's fiduciary agent and bailee, and shall keep them separate from all other goods and properly stored, protected and insured and identified as CFT UK's property but may resell or use the Goods in the ordinary course of its business;
- 11.2.2 (provided the Goods are still in existence and have not been resold), deliver up the Goods to CFT UK on demand
- 11.2.3 and, if the Buyer fails to do so immediately, CFT UK may enter any premises of the Buyer or any third party where the Goods are stored and repossess the Goods.

12. WARRANTIES AND LIABILITIES

- 12.1 CFT UK warrants that it holds unencumbered title to the Goods and will perform services with reasonable skill and care.
- 12.2 Subject to condition 12.3, CFT UK warrants that the Goods will correspond with their

specification at the time of delivery and will be free from defects in material and workmanship for 12 months from delivery.

- 12.3. The above warranty does not apply to any defect:
 - 12.3.1. arising from any drawing, design or specification supplied by the Buyer;
 - 12.3.2. arising from fair wear and tear, improper use, storage or installation or maintenance, failure to follow CFT UK's instructions (whether oral or in writing), or alteration or repair of the Goods without CFT UK's approval;
 - 12.3.3. which is not immediately notified in writing to CFT UK;
 - 12.3.4. if any sum owing by the Buyer to CFT UK has not been paid;
 - 12.3.5. in items not manufactured by CFT UK, when the Buyer shall only be entitled to the benefit of any such warranty as is given to CFT UK by the manufacturer.
- 12.4. CFT UK shall replace or repair free of charge the Goods (or the part in question) returned to CFT UK's factory carriage paid which do not meet the warranty in condition 12.2 or, at CFT UK's sole discretion, refund to the Buyer the price of the Goods (or a proportionate part of the price) but CFT UK shall have no further liability to the Buyer. The warranty on replacements or repairs shall be to the end of the original warranty period. Repairs and replacements will be delivered free within the UK and to the nearest port or airport c.i.f. outside the UK.
- 12.5. Subject as expressly provided in these Conditions, all warranties, conditions, representations or other terms implied by statute or common law are excluded to the fullest extent permitted by law.
- 12.6. The following provisions set out CFT UK's entire liability whether arising in contract, tort (including negligence), misrepresentation (other than fraudulent misrepresentation) or otherwise howsoever arising.

- 12.9. CFT UK shall not be liable to the Buyer or be deemed to be in breach of the Contract by reason of any delay in performing, or any failure to perform, any of CFT UK's obligations, if the delay or failure was due to any cause beyond CFT UK's reasonable control including (without limitation) flood, fire, accident, transportation delays, strikes, war or threat of war, sabotage, civil disturbance or governmental action, disruption of supplies or services.
- 12.10. Save as otherwise expressly provided, the Buyer shall indemnify CFT UK against any cost, claim, expense, loss or liability made by any person in connection with the Goods or their use.

13. INSOLVENCY AND BREACH

- 13.1. If the Buyer fails to make any payment when due or breaches any provision of the Contract; or CFT UK reasonably apprehends that the solvency of the Buyer may be in jeopardy CFT UK may cancel the Contract or suspend any further deliveries under the Contract without any liability to the Buyer, and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.

14. SAFETY, OPERATING AND MAINTENANCE INSTRUCTIONS

The Buyer's attention is directed to the instructions for use and cautionary notes supplied with the Goods, as well as other technical literature.

15. STANDARD OF COATING ATTAINED

The Buyer shall follow CFT UK's instructions on operation and maintenance. CFT UK accepts no responsibility for unsatisfactory results due to use of coating materials not recommended in writing by CFT UK or whose composition or quality when supplied is different from that tested by CFT UK when giving its recommendation.

- 16.5. If any provision of these Conditions is held by any competent authority to be invalid or unenforceable in whole or in part the validity of the other provisions of these Conditions and the remainder of the provision in question shall not be affected.
